Dorje Lama

.NET Developer

Jorpati , Kathmandu • +9779813169904 • dorjelama08@gmail.com

🔗 dorjelama.github.io/portfolio/   in @ linkedin.com/in/dorjelama/

.Net Developer with a demonstrated history of working in the information technology and services industry. Proficient in .NET Framework, ReactJs, Tailwind CSS, MS SQL, JQuery, IIS, and more. Holds a degree from Trinity International College, showcasing a strong IT background.

EXPERIENCE

.NET Developer   Shantinagar, Kathmandu

Silicon Soft & IT Consultant Pvt. Ltd   Jul, 2020 - Present

- **Web Application Development**: Proficient in developing and implementing web applications based on specific requirements. Utilize my expertise in C# and .NET to deliver high-quality, functional, and efficient web solutions. Skilled in translating business needs into robust web applications.
- **Collaborative Approach**: Strong team player with a collaborative mindset. Proven ability to work closely with fellow developers and stakeholders to determine organizational needs and align them with market demands. Foster open communication and embrace diverse perspectives to drive project success.
- **Version Control and Project Maintenance**: Adept at utilizing version control systems like Git to maintain project integrity and facilitate seamless collaboration. Skilled in managing code repositories, branching, merging, and resolving conflicts. Ensuring project backup and versioning for enhanced productivity and codebase integrity.
- **Unit Testing:** Incorporated unit testing practices into the development process, ensuring robustness and quality of .NET applications.

Intern - Junior .Net Developer   Sinamangal, Kathmandu

Channakya Software Pvt. Ltd.   Sep, 2017 - Jul, 2020

- **Passionate and Dedicated Web Development Intern:** Served as an enthusiastic and dedicated intern in web development, consistently demonstrating a strong drive to learn and contribute to the team. Actively sought out opportunities to expand my skills and knowledge in web development.
- **Troubleshooting and Remediation:** Provided effective troubleshooting and remediation support for web applications, swiftly identifying and resolving issues to ensure uninterrupted functionality. Demonstrated a meticulous approach to problem-solving and a commitment to delivering high-quality solutions.
- **End-to-End Web Application Development:** Successfully planned, developed, tested, deployed, and maintained web applications. Possess a comprehensive understanding of the full development lifecycle, from requirements gathering to deployment and maintenance. Skilled in utilizing industry-standard tools and frameworks to deliver robust and user-friendly web applications.

EDUCATION

+2 (Science)   Narayantar, Kathmandu

Himalaya Int'l Model Secondary School   Jul, 2011 - Jul, 2013

Bsc. CSIT   Dillibazar, Kathmandu

Trinity International College   Jun, 2013 - Jul, 2017

PROJECTS

Channakya Base

The project, built on the **ASP.NET MVC framework**, serves as a comprehensive solution tailored for *financial institutes*. It encompasses essential features for these institutes, covering setup, financial transactional operations, and reporting services. Notably, the application leverages **AJAX** to enhance user interactivity by avoiding full-page post-backs. Additionally, I took charge of designing the database using SQL, where I crafted queries, stored procedures, functions, and views to ensure seamless data management.

Ayurbeda Information Management System

This system efficiently manages Ayurvedic information, featuring modules for patient records, treatment plans, herbal remedies, wellness tracking and pharmacy inventory using **ASP.NET Core MVC, JQuery** and **Bootstrap**. My role also included designing the SQL database for seamless data management.

Real Estate Management System

This project serves as a comprehensive solution tailored for the real estate sector. It incorporates essential features, including seamless property listings, secure user authentication, intuitive search and filter options. Through the utilization of **.NET Core API** on the backend, **ReactJS** on the frontend, and the sleek styling of **TailwindCSS**, the Real Estate Management System delivers a modern and user-friendly experience.

TRAINING/CERTIFICATIONS

.Net Training   2017

Broadway Infosys

- Explored various .NET frameworks and tools, including ASP.NET, ADO.NET, and Entity Framework.
- Learned best practices for web application development, including database integration, REST API development, and security implementation.
- Received guidance and mentorship from industry experts, enhancing understanding of software development principles and practices.
- Collaborated with fellow trainees on group projects, fostering teamwork and honing problem-solving abilities.
- Acquired a solid foundation in version control using Git and actively contributed to shared code repositories.
- Successfully completed the .NET training program, earning a certificate of achievement from Broadway Infosys.

SKILLS

.Net Framework Core, ASP.NET Core Web API, ASP .NET MVC, ADO.NET, NUnit Test, ReactJS, Tailwind Css, MS SQL, Javascript, jQuery, iis, Git
